## **V. PURPOSE OF THE TRANSACTION, IMPACT ON THE COMPANY AND RISKS INVOLVED**

### **(I) Purpose of the Transaction**

Through the transaction, the Company aims to strengthen its investment and development capabilities in strategic emerging industries, facilitate the implementation of its new energy industry layout and further enhance its core competitiveness and profitability, which is in line with the Company's development strategy.

### **(II) Impact of the Transaction on the Company**

The external investment will result in a certain net outflow of cash flow of the Company, but will not have a significant impact on the normal working capital of the Company. The external investment will not have material impact on the financial positions and operating results of the Company in the short term.

### **(III) Risks Involved in the Transaction**

The major products of Tengyuan Cobalt include cobalt, copper and other non-ferrous metal products, the prices of which may be subject to various factors such as the global economy, market expectation, international supply and demand relationship and quotation receivers; in addition, due to the scarcity of cobalt, the cobalt price may also be affected by speculations and other factors, resulting in the high volatility characteristics of cobalt price.

The board directors of the Company will pay close attention to the progress of the matter and fulfill its information disclosure obligations in a timely manner. Investors are advised to exercise caution in investment and be aware of the investment risks involved.
